

About Sentry

Sentry Safety Services, Inc. was founded in 2009 to assist clients with emergency response training and preparedness. We have since evolved into a full spectrum safety organization servicing clients across various spectrums all over the U.S. We are a small business located in a federal government HUBZone.

We have the expertise to provide the following occupational safety services: health and safety training; safety equipment and PPE sales; gas detection sales, rental and service; safety staff augmentation.

Core Competencies

- Occupational Safety & Health
- Project Safety Staffing Augmentation
- Portable Gas Detection Equipment
- Respiratory Protection Equipment
- Confined Space Entry Equipment
- Emergency Response Equipment
- Turnaround & Outage Support
- Safety Education & Training

Past Performance

- Successful bidder on rope rescue equipment for Vincennes Fire Dept.
- Supplied over 300 rented personal air monitors to power plant project
- Primary calibration gas and air monitor supplier to Cummins
- Provided confined space equipment, air monitors, and training to tank decontamination contractor

Differentiators

- We have staffed Qualified Safety Professionals to a variety of customers in 18 states across the U.S.
- We maintain an ever-increasing inventory of our primary product lines, while partnering with warehouseers across the U.S. to quickly fulfill orders.
- We are a certified hazardous material shipper enabling us to quickly ship in stock calibration gases to customers.
